| Task Number > | #20265269        | Received Date > | 12 May '26                                                          |
| COA Key >     | 20265269         | Reported Date > | 19 May '26                                                          |
| Client        | GOAT PEPTIDES    | Manufacturer    | <a href="https://goat-peptides.com/">https://goat-peptides.com/</a> |
| Sample        | Tesamorelin 20mg | Batch           | 2026599                                                             |

|                                   |                                        |
|-----------------------------------|----------------------------------------|
| Sample description >              | Tests requested >                      |
| See picture or pictures attached. | Assessment of a peptide vial or vials. |

| Specification         | Result      | Method            | Status     |
|-----------------------|-------------|-------------------|------------|
| Identity: Tesamorelin | Tesamorelin | MALDI-MS          | ✓ Conforms |
| Content               | 20.17 mg    | HPLC Quantitation | ✓ Conforms |
| Overall Purity        | 99.44%      | RP-HPLC (214 nm)  | ✓ Conforms |

Research and Formulation Chemist

*Bisbanz*

This purity analysis was conducted using UPLC/MS under standard laboratory conditions, following validated analytical protocols to ensure accurate and reliable results. This analysis is intended for informational and research applications.
